EZTools_1103-B0011P26 Release Notes

Keywords: Version information, version upgrade

Abstract: This document provides detailed version information and upgrade procedure for EZTools_1103-B0011P26.

Content

1 Version Information	3
1.1 Version Number	3
1.2 Release History	3
2 Feature Change Description	3
2.1 New Feature	3
2.2 Solved issue	3
3 Software Installation	3
3.1.1 Version File Composition	3
3.1.2 System Requirement	3
3.1.3 Installation	4

1 Version Information

1.1 Version Number

EZTools_1103-B0011P26

1.2 Release History

Table1 Released versions

Version No.	Basic Version No.	Released On	Remarks
EZTools_1103-B0011P26	EZTools_1103-B0011P20	2018-8-30	Improved release

2 Feature Change Description

2.1 New Feature

None

2.2 Solved issue

1. Solved the problem of missing/ineffective OSD configurations.
2. Solved the problem of incomplete search results in IP segment search mode.

3 Software Installation

3.1.1 Version File Composition

Table 2 Version file composition

Setup file	Name	Function
EZTools_1103-B0011P26.exe	EZTools	management software

3.1.2 System Requirement

Table 3 System requirements for EZTools

Item	Requirements
Operating System	Microsoft Windows7/Windows8 (32-bit or 64-bit).
CPU	Intel Pentium IV 3.0 GV or higher.
Memory	1GB or higher.
Network card	Gigabit Ethernet network card (or higher) are recommended.
Display definition	1280*720 or higher.

Note

- To display multi-channel videos simultaneously or videos of higher resolution requires higher hardware configuration.
 - The software operates on a 32-bit operating system or on a 64-bit operating system that can host 32-bit software programs.
 - The recommended hard disk space for EZTools should be able to store 1080P (6Mbps bit rate) video for one week. To store more channels of videos with longer time, use hard disks with larger capacity. To figure out the hard disk space required, please use the formula: capacity (GB) = stream (Mbps) x 60 x 60 x 24 x days x channel numbers/8/1024. For example, the capacity of a 6Mbps video stored for seven days is about 443GB; the capacity of 25 channels of CIF (1Mbps stream) videos stored for seven days is about 1.8TB.
-

3.1.3 Installation

Double click the EZTools_1103-B0011P26.exe to install the EZTools.
